APPENDIX D TO STATEMENT OF WORK NO. 001

GO-LIVE READINESS CRITERIA

The following criteria shall be evaluated in the Go-Live Readiness Assessment required by Section 4.2 of Statement of Work No. 001. Each criterion is either met or not met. Consultant's recommendation shall state the number of criteria met and shall identify each criterion not met.

ARTICLE D — READINESS CRITERIA

1.1 All Priority 1 business processes have been tested end to end in an integrated environment. Required: 100%.

1.2 User Acceptance Testing Phase 1 exit criteria have been satisfied and certified in writing by the Test Manager.

1.3 User Acceptance Testing Phase 2 exit criteria have been satisfied and certified in writing by the Test Manager.

2.1 Zero open Severity 1 defects. Required: 0. A Severity 1 defect is one which prevents the completion of a business process with no available workaround.

2.2 Open Severity 2 defects below threshold. Required: fewer than 15.

3.1 Overall data conversion reconciliation. Required: not less than 99.5% of legacy records matched.

3.2 Open accounts receivable reconciliation. Required: not less than 99.5%.

3.3 Inventory on-hand reconciliation. Required: not less than 99.5%.

4.1 Not fewer than two full cutover rehearsals completed within the planned window.

4.2 A fallback plan permitting reversion to the legacy system has been documented and tested.

5.1 End-user training completion. Required: not less than 95% of named end users.

5.2 Hypercare staffing confirmed at the levels set out in the Deployment Plan.

6.1 Interface monitoring operational across all production integrations.

6.2 Security role design remediated following the segregation of duties review.

IN WITNESS WHEREOF, the parties have caused this Agreement to be executed by their duly authorized

representatives as of the date first written above.
