We have a problem with the Phase 2 cert. Marcus is on PTO until the 27th and the pack needs it.

Gunnar Holmqvist 10:09
Can he sign remotely?

Alicia Ferraro-Wong 10:10
He said no on the 17th. I do not think asking again helps.

Gunnar Holmqvist 10:16
The cert is a project artefact, not a personal one. It records the position of the test function.

Alicia Ferraro-Wong 10:17
Understood.

Gunnar Holmqvist 10:18
Then put it in the pack. We are not going to hold a go-live on a diary.

Alicia Ferraro-Wong 10:41
Done. It is in.
